

"THIN" Planter

Sheet code:

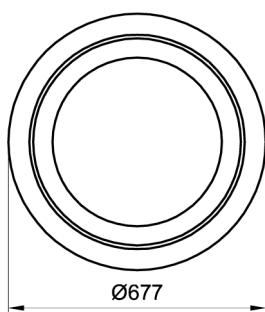

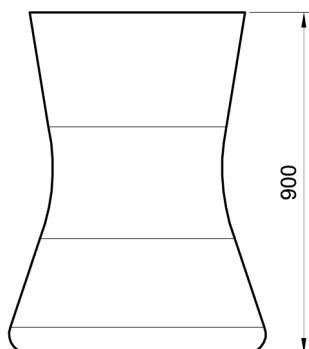

FIAR017

Drawing code:

Designer:
C+S Architects

Revision:

02_01/10/2015

Product:

Planter model "THIN", with a monolithic base, fitted with a **water reserve system** to guarantee the soil the proper humidity level, avoiding the dispersion of internal water.

Dimensions:

external diameter: 677 mm;
maximum height: 900 mm;
total weight: 279 kg;
capacity: 110 litres.

Material:

The product is manufactured in UTC® (ultratense concrete), a material belonging to the UHPC class (ultra high performance concrete); a high performance concrete material registered by Bellitalia® and available in two different shades: white or charcoal gray (please see respective material sheet).

Reinforcing:

No reinforcing.

Finishing:

All surfaces are smooth natural; visible surfaces are covered with a transparent anti-decay coating, or, upon request, with nanotechnology and/or anti-graffiti products. All edges are rounded or made blunt. (Please see respective material sheet).

Handling:

Use appropriate equipment when handling.

Installation:

Simply place the planter on the flooring.
