

“ESTATE” Planter

Sheet code: **FIPP005**

Drawing code: AF01100401

Revision: 23/01/2019

Designer:
Bellitalia Design Department

Product: Planter model “ESTATE”, composed by a planter and a base fitted with a **water reserve system** to guarantee the soil the proper humidity level, avoiding the dispersion of internal water, and with a **levelling system**, which allows compensation for the slope of the ground by up to a maximum of 4%.

Dimensions: external diameter: 1150 mm;
maximum height: 540 mm;
total weight: 594 kg;
capacity: 195 litres.

Material: The planter can be manufactured using reconstituted natural marble stones or white granite conglomerate.

Reinforcing: The planter is reinforced, with internal bushes for lifting.

Finishing: The planter's surface can be polished, to give the product a shiny effect, or bush-hammered, for a rough appearance. The surface is then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. All edges are rounded or made blunt.

Handling: Use appropriate equipment when handling, screwing the eyebolts to the bushes.

Installation: Simply place the planter on the flooring and level the upper part by adjusting the eyebolt.
