

“CRISTINA alpha” Planter

Sheet code: **FICL009**

Drawing code: **AF16010401**

Revision: **22/01/2019**

Designer:
Bellitalia Design Department

Product: Oval planter model “CRISTINA alpha”, composed by a base, two elements and a central band. The planter is equipped with a **levelling system** and a **water reserve system** to guarantee the soil the proper humidity level, avoiding the dispersion of internal water.

Dimensions: length: 1500 mm;
width: 565 mm;
height: 478 mm (variable);
total weight: 350 kg;
capacity: 180 litres.

Material: The planter can be manufactured using reconstituted natural marble stones, white granite or grey concrete conglomerate. Copper or stainless steel central band.

Reinforcing: The self-levelling base is reinforced and fitted with bushes that permit its lifting and levelling. The planter is also reinforced and endowed with bushes that permit its lifting.

Finishing: The planter’s surfaces can be polished, to give the product a shiny effect, otherwise sandblasted or bush-hammered, for a rough appearance. Surfaces are then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. The copper band is painted with a protective coating for a durable shiny appearance, while the stainless steel band undergoes a satin finish treatment. All edges are rounded or made blunt.

Handling: Use appropriate equipment when handling.

Installation: Level the base bolts and simply place the planter on the flooring.
