

“HARMONY” Bench
Sheet code: PAAR062

Drawing code:
Revision: 10/01/2019

Designer:
Matouš Holý

Product: ORGANIC line bench model “HARMONY”, an original urban furniture product, where art meets functionality. Its curved shape and continuous crossing surfaces offer a comfortable support and seat up to five people. The bench’s sinuosity creates a great visual effect, making it a unique furniture piece, an authentic outside sofa.

Dimensions: length: 2390 mm;
width: 1400 mm;
height: 1080 mm;
total weight: 2525 kg.

Material: The bench is manufactured using white granite conglomerate.

Reinforcing: The bench is reinforced and equipped with bushes that permit its lifting, and that are covered with a Bellitalia plate after the placement.

Finishing: The bench’s surfaces can undergo a “Glossy paint” treatment, based on a covering with a bi-component base and an acrylic-polyurethane varnish, the same used for the automotive industry. This treatment is available in a choice of three colours: Fire Red (RAL3000), Jet Black (RAL9005) or Pure White (RAL9010). Alternatively all surfaces can be finely bush hammered or sandblasted, except for the seat’s surface that is left smooth natural and then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. Alternatively, the surface coating can be made of ULTRASKIN, a new treatment specifically designed for outdoor use with optimal characteristics for the exterior, offering a wide range of colours and characteristic effects (see material sheet). All edges are rounded or made blunt.

Handling: Use appropriate equipment when handling.

Installation: Simply place on the flooring.
