

## “CLIP” seat

**Sheet Code:** PAAR112

**Drawing Code:**

**Revision:** 10/01/2019

**Designer:**  
Alfredo Tasca

**Product:** The seat mod. "CLIP", consists of a monolithic chair with a back designed to accommodate a maximum relaxation position. This product belongs to the Ultratense Concrete® product family and makes the most of the innovative technology and exceptional resistance of this material. The result is a product with a clean and essential line.

**Dimensions:** Length: 1253 mm;  
Width: 450 mm;  
Maximum height: 847 mm;  
Total Weight: about 65 kg

**Material:** The product is made of UTC® (Ultratense Concrete®), material of the UHPC class (ultra-high performance concrete), high performance conglomerate made by Bellitalia® and supplied in different colours: blue, white or different colours (see data sheet).

**Reinforcing:** No reinforcing.

**Finishing:** All surfaces are smooth natural; visible surfaces are covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. All edges are rounded or made blunt (please see respective material sheet).

**Handling:** Use appropriate equipment when handling.

**Installation:** The bench can be simply placed on the flooring, or fastened to the ground through thread bars and a chemical anchor, for enhanced stability and security.

**Notes:** Slight variations in colour and finishing, as for example micro-cracking, different shades on surfaces or rising of oxides, are natural phenomena related to the products' manufacturing and maturing processes. The colour shown in the samples is just approximate, and different shades of colour shall not be intended as nonconformity of the product. Bellitalia will not accept claims or demands for damages related to colours variations, as they belong to the material's inner characteristics and depend on environmental conditions during the manufacturing and maturing processes.
