

“VOLTA WALL” bench

Sheet Code: PAAR126

Drawing Code:

Revision: 20/11/2018

Designer:
Bellitalia Design Department

Productt: Composition mod. “VOLTA WALL” is a composition of two linear seats characterized by a light and soft profile, which ensures seating comfort. A central element, which combines a seat and a planter, is placed between the two benches.

Dimensions: length: 5710 mm;
width: 750 mm;
height: 918 mm;
total weight: 2815 kg.

Material: The bench can be manufactured using reconstituted natural marble stones or white granite conglomerate. Steel central cover varnished both on top and in front.

Reinforcing: The linear seat and the central element have their own reinforcing endow with bushes that permits their lifting

Finishing: All surfaces are sandblasted, except for the seating surface that can be polished, to give the product a shiny effect. Surfaces are then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. The central cover are varnished.

Handling: Use appropriate equipment when handling.

Installation: Simply place the first bench on the flooring. Then, carefully place the second bench near the first, using the connecting brackets kit to ensure perfect solidity and collinearity. Finally, place the third element.

The levelling supporting feet guarantee that the three benches are perfectly aligned at the same height.
