

“LIDO 2000 S” Bench

Sheet Code: PAAR132

Drawing code

Revision: 28/11/2018

Designer:
C+S Architects

Product: Monolithic bench with backrest having round section “LIDO 2000 S”.

It is possible for the Customer to match the bench with a custom-made base, able to grant a perfect flatness also by means of a covering cap that plugs the space for greenery.

Dimensions: diameter: 2000 mm;
bench height: 802 mm;
total weight with base: 1735 kg;

Material: the bench can be manufactured using reconstituted natural marble stones or white granite conglomerate.

Reinforcing: The bench is reinforced and endowed with bushes that permit its lifting.

Finishing: All surfaces are sandblasted, except for the top seat surface and the backrest that can be polished, to give the product a shiny effect. Surfaces are then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products. All edges are rounded or made blunt.

Handling: Handle the product by using appropriate equipment and the bushes.

Installation: Place the base on the flooring, then arrange the backrest
