

“NY B” Bicycle rack

Sheet code: DIAR010

Drawing code::

Revision: 23/01/2019

Designer:
Alfredo Tasca

Product: Truncated pyramid bollard mod. “NY B” equipped with a bush for its lifting. The bollard has a triangular base tapered on top.

Dimensions: length: 358 mm;
width: 411 mm;
height: 1000 mm;
weight: 93 kg.

Material: The bollard can be manufactured using reconstituted natural marble stones, white granite or grey concrete conglomerate while the eyebolt and the label can be in steel

Reinforcing: The bollard is reinforced and fitted with a bush that permit the eyebolt fixing.

Finishing: All the bollard surfaces are sandblasted, and then covered with a transparent anti-decay coating, or, upon request, with anti-graffiti products.

Handling: Use appropriate equipment, with fabric bands, when handling.

Installation: Simply place the bollard on the flooring,
